CARMEL SUN

Devoted Exclusively To Carmel and Vicinity

VOLUME NO. TWO CARMEL-BY-THE-SEA, CALIF, THURSDAY JUNE 7, 1934 NUMBER 19

WHO USES THOSE 2400 LIBRARY CARDS

The city council has a hard proposition before it in the library tax levy. A large number of people are demanding a tax reductoin while another group is just as insistent that the tax levy remain the same. Carmel Sun has made it known before that it wants a library for Carmel that is even better than the present one and most certainly a BETTER service with the library open on Sundays and Holidays.

But there is one thing we do want more than that and that is the utmost efficiency for CARMEL PEOPLE who pay the bills and on the face of the library board's report that there are 2400 active library cards in use there is something wrong somewhere.

There are only 2250 people in Carmel. Make an allowance for some growth and say there are 2400. With this allowance it means that EVERY MAN, WOMAN, CHILD and BABE IN ARMS IN CARMEL has a library card and is avidly engaged in reading borrowed books, an absurdity that needs clarifying.

Is there a wholesale borrowing of cards by people who live outside Carmel or are here temporarily and not entitled to free service at the library?

There must be unless Carmel is a lot larger town than given on the records. Certainly not every living soul in Carmel has a library card.

Is the library issuing cards knowing perfectly well they are being used by people not entitled to free library service?

It costs a great deal to take care of 2400 accounts and it should be the duty of the council before making the tax levy to appoint an unbiased committee to audit these cards and find out TO WHOM THEY ARE ISSUED and BY WHOM THEY ARE ACTUALLY USED.

Most of the money spent for the library goes into the salaries of those who take care of these 2400 accounts. If the cards are being mis-used and the list of borrowers can be cut in half, then the levy can be correspondingly reduced.

The council will never get at these facts unless it appoints an unbiased, independent committee to find out exactly what is being done. The library board is entitled to such an investigation in view of current rumors and the taxpayer has a right to demand it.

BRAZIL A STRONG CANDIDATE

It is too early in the campaign to make any predictions as to who will or will not be elected, but one candidate that is going to be a strong contender in the race for the office of District Attorney is Anthony Brazil of Pacific Grove. Mr. Brazil is well and favorably known and is working for the office in a way that is going to bring in a great many votes. He is an energetic young lawyer with the enthusiasm, sincerity and courage that it takes to make a good public official. And he is a Peninsula man, something that every one in this part of the county has reason to consider since the peninsula pays a good half of the taxes.

THE DEMAGOUGE AND PUBLIC UTILITIES

Political candidates for state offices hard put for campaign issues and slogans are feeling out the effect of that old cry "put the utilities out of politics."

The public utilities such as railroads, telephone and power are unquestionably in politics as far as the DEFENSIVE is concerned. Self preservation is the first law of nature and no thinking person will condemn any individual or corporation for making an effort to defend its existence.

But let us all rise and give lusty cheers and solemn thanks that they are not in OFFENSIVE politics. The rails, power and telephone companies have probably 150,000 employes in California. By combining their efforts they could possibly control more than a QUARTER OF A MILLION VOTES and that is enough to elect or DEFEAT any candidate they pick out.

And anyone who has followed the decisions of the Railroad Commission in dealing with public utilities can't help but admit, since the utilities generally get the worst of it, if they are in politics they are not so tough.

There is common sense in regulation of public utilities but no reason whatever for kicking them out of business. Particularly is this true when unscrupulous politicians have nothing but half cracked theories to offer and have never been able to do anything or operate anything on a paying, practical basis.

NRA OVERLOOKED A CODE FOR WEATHER

The so-called, probably self-styled, brain trust that has given us the NRA has overlooked the minor details of weather in their plans for an economic Utopia. Millions of acres of wheat, cotton and other staples have been plowed under by government subsidy. Hundreds of thousands of hogs have been slaughtered and their carcasses dumped into rivers to restrict production and force prices up. And employes' wages have been boosted; manufacturers and wholesalers combined and charge prices little short of extortion and the retailer has had his selling prices fixed. A very high sounding plan too, complete in every detail, ALMOST.

In restricting production of grains and staples the brain busters either didn't have brains enough to know that harvests depend on general weather conditions, or they forgot it. We now have a shortage of grain, due to the drought that is reaching famine proportions requiring the killing of hundreds of thousands of head of stock because there is no feed for them and soaring prices of food staples for millions of people who have no money to purchase.

In fixing selling prices the brain trust overlooked the detail of money. That of course was one of the things that would "WORK OUT." And the detail of weather was another of those things the "law of averages" would take care of.

In the meantime, while the question of money for some millions of people to buy goods with and live on is being "worked out" the government will continue to borrow billions from the taxpayer to give out in doles in one form or another. And while wiating for the "law of averages" to work out the weather situation the government will buy and distribute with taxpayers' money, seed to repalce that which they PAID THE FARMER TO DESTROY this spring and they will buy a new start of stock for the farmer to begin breeding with again to take the place of that they PAID THE FARMER TO DESTROY THIS SPRING."

It does look sometimes like we have an operproduction of brains of a certain type in Washington.

COZZENS ANNOUNCES FOR RE-ELECTION TO OFFICE

Howard F. Cozzens, who has held the position of County Surveyor of Monterey County since 1915, announces himself as a candidate for re-election at the August primaries.

County Surveyor Cozzens says, 'In seeking re-election to the Office of County Surveyor of Monterey County, I respectfully refer the voters to my past record.'

"During my term of office, the County of Monterey, through the Board of Supervisors, and under the design and supervision of my office has built 290 miles of hard surfaced roads, and 350 miles of graded and graveled roads; also 48 major bridges having a total length of 12,500 lineal feet or 2.55 miles. All of this work has been done in accordance with the best highway engineering principles and to the best advantages of the County.'

It has been a source of great satisfaction to have played a part in the development of Monterey County's highway and bridge system.

I have worked for every portion of the County with the best of my ability and if re-elected, will continue to work for the best interests of Monterey County in every way possible."

OLAF E. EDQUIST DIES SUDDENLY YESTERDAY

When Nels Edquist, high school student, went to call his father, Olaf E. Edquist yesterday morning, he found that he had passed away. The family had heard him in his room at 5 o'clock which sets the time of his death between 'ive and breakfast time.

Mr. Edquist had suffered two paralytic strokes and it is presumed that a third caused his death. He is survived by his son and a daughter, Mrs. Floyd Harbour, both of Carmel. Mrs. Edquist passed away about a year ago.

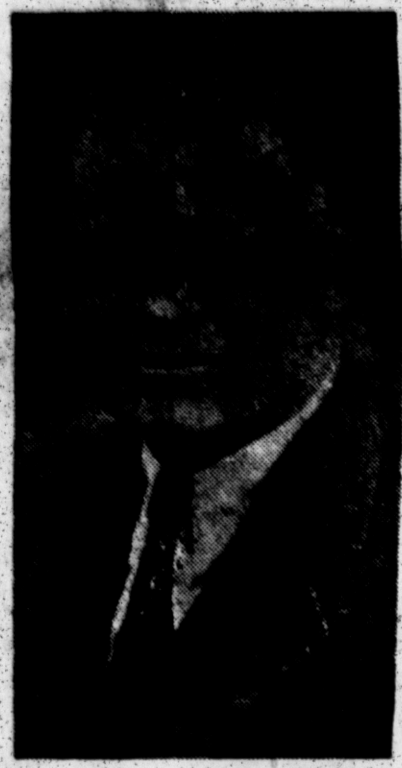
Mr. and Mrs. William Bradford Green of Hartford, Conn., guests of Mrs. Millicent Sears at Highlands Studio took part in the program of the Musical Art club at the Van-Ess-McGowan home in Country club Tuesday night.

CARMEL COMMUNITY PLAYHOUSE BULLETIN

"The Mother of Gregory," the winning production in the recent tournament of the Northern California Drama association at the Alcazar Theatre in San Francisco, will be performed by the tournament cast of Golden Bough Players at Carmel Community Playhouse on Friday and Saturday, June 29 and 30. Sundermann's famous one-act, "Fritzchen," will also be played, with a cast comprising Charlotte Lawrence, of Carmel; Evert Sholund of Monterey; Charles Kilian of Pacific Grove; and Betty Meyers and Norbert Farrell of San Francisco.

Claude LaBelle, San Francisco's most caustic dramatic critic, recently wrote in the San Francisco News, with particular reference to "The Mother of Gregory," Edward Kuster's prize tournament production: : "There is a distinct need for Kuster's services to Little Theaterdom. Since Sam Hume left town and Irving Pichel found the fleshpots of Hollywood to be savory, there has been little important non-commercial production in this vicinity except that which Kuster has sponsored."

J. A. CORNETT ANNOUNCES FOR CORONER



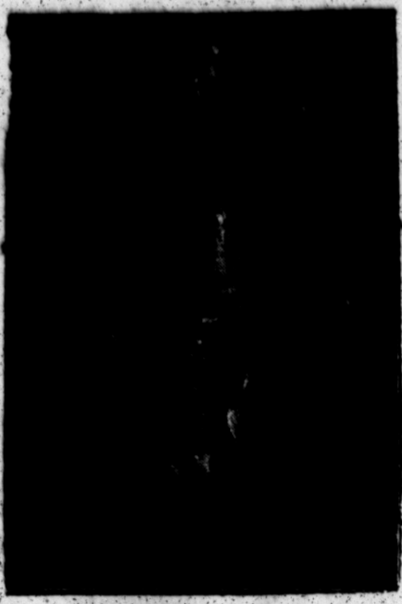
J. A. "Ollie" Cornett, respectfully submits his name to the people of Monterey County as a candidate for Coroner and Public Administrator in the forthcoming election.

Mr. Cornett has served the people of this county faithfully in this capacity and has always considered the office to which he seeks re-election of such importance to the people as to devote to it his entire time and attention.

He gladly submits to the voters his past record as a servant of the people and should he be returned to the office, he promises to again merit the approval and confidence of the citizens of Monterey County reposed in the past.

Mrs. C. C. Stevenson and two children, Justine and Cyril of San Francisco have come to spend the summer at Rancho Carmelo which has opened for the season.

JAMES G. FORCE FOR SUPT. OF SCHOOLS



James G. Force will be a candidate to succeed himself in the office of county superintendent of schools. Mr. Force is well and favorably known throughout the entire county. He served as principal of the Soledad Union grammar school for eleven years. He is now serving his thirteenth year in the office of county superintendent of schools.

Mr. Force has been engaged in California public school work for the last twenty-seven years. He ranks high along the educational leaders of the state, being a member of the California State Council of education, and one of the best known county superintendents in California. His excellent training and many years of successful experience make him an outstanding leader in educational work. He is one of the best informed men in the state on school law and school administration.

The schools of Monterey county have more than doubled in enrollment during the past decade, and practically all of the districts have modern school buildings and school grounds of ample size, so that Monterey county schools rank among the best in the state. A carefully supervised course of study has been provided which includes all of the fundamental subjects.

Mr. Force rests his candidacy on his many years of capable, efficient and successful service, and is happy to say that during the past five years of great financial distress the schools of Monterey county have been able to maintain a regular normal schedule, and not a school has been closed, and not a single day lost to the school children of the county; and during the same period the educational costs have been reduced by a half million dollars.

MADAME ORLOVA WILL SPEAK AT P. G. HIGH

Carmel people who were unable to attend the lecture of Madame Barry Orlova in Carmel on a recent date will be glad to learn they may hear this interesting speaker at Pacific Grove high school auditorium Friday evening of next week, June 8. She will speak on "The New Civilization."

MUSIC SOCIETY PARTY WAS GRAND SUCCESS

They were all there. The bride, (but no groom), the Terrible Turk, senors and senoritas, Mae West, the farmer, the Irish colleen, Gypsies, male and female, the Scotch lassie, the cossacks, and whatever you call the lady cossacks, the bar tender, the representatives of the gay nineties and the "bustle" age, and what not. And what a gathering and what a delightful evening!

A program was given as follows: First an old fashioned music box, beautifully done by Mrs. Bud Marble playing three tunes, "Carmel Music Society," "Monterey Peninsula Orchestra" and "A Capella Chorus."

Next was the Ah Scalpella chorus itself (maybe). The director claimed to be Michel Penha and he even acted like him, gesture for gesture, but he really resembled Abraham Weiss.

The music was elegant. It sounded very much like "Ta, ta, ta, and bum, bum, bum," however. But how they did respond to "Penha's" directing.

Carmel's Wonder Child came next with the announcement that although but nine years of age he had been offered a contract of $75,000 a year. Just who was crazy enough to offer this much was not stated. His first number was played on a Whatsit and his next on a horn. Despite his long golden curls he looked more than nine.

Paula Dougherty as a senorita gave the popular new song, "The [illegible]," although she didn't know the words so terribly well. (Well pretty terrible too.) After an enthusiastic encore she responded with "O, Promise Me" after the manner of Al Jolson (almost.)

And what a dancer is Kerosena. Them teeth, them eyes, them hair, them form! And could she dance? She nearly brought down the house as she stamped back and forth with geraniums between her ruby lips. She will probably go down in history (it is to be hoped so).

The next was a highly technical lesson in music by the Anthromopic or something method after which everyone present would have been able to play the piano, using both hands and knees.

Kelp! Kelp! They all hollered when the next number came on and a dignified artist (not a musician) demonstrated the Iodized beach music. He did a remarkable piece of work in playing a duet by himself and fairly made his musical instruments quarrel.

Next came the Schnitzel music with most interesting verses, all trying to express that inner something. "Dunn and Breit, Carmelite and NRA, John O'Shea," "Carmel Bus, Point Lobos" were some of the higher thoughts. All joined in anyway and enjoyed it.

Yes, Tuesday night set a new low mark in music in Carmel, when the Carmel Music society met at the Denny-Watrous gallery for their annual Jinks or (jinx.)

The gallery was furnished with tables and the guests were furnished with beer and pretsels and sandwiches and coffee.

At the business meeting preceding the hour of jollification directors were chosen: a list of which will be published next week, with a list of recent donors to the society.

WILLIAM RITSCHEL IS WINNER OF ART AWARD

William Ritschel, Carmel Highlands, yesterday was awarded first prize in the exhibition of the Los Angeles Art association on his picture, "Sunlit Shores."

Carmel people are familiar with Mr. Ritschel's marines and of course are not surprised at the award. Mr. Ritschel is a member of the National Academy.

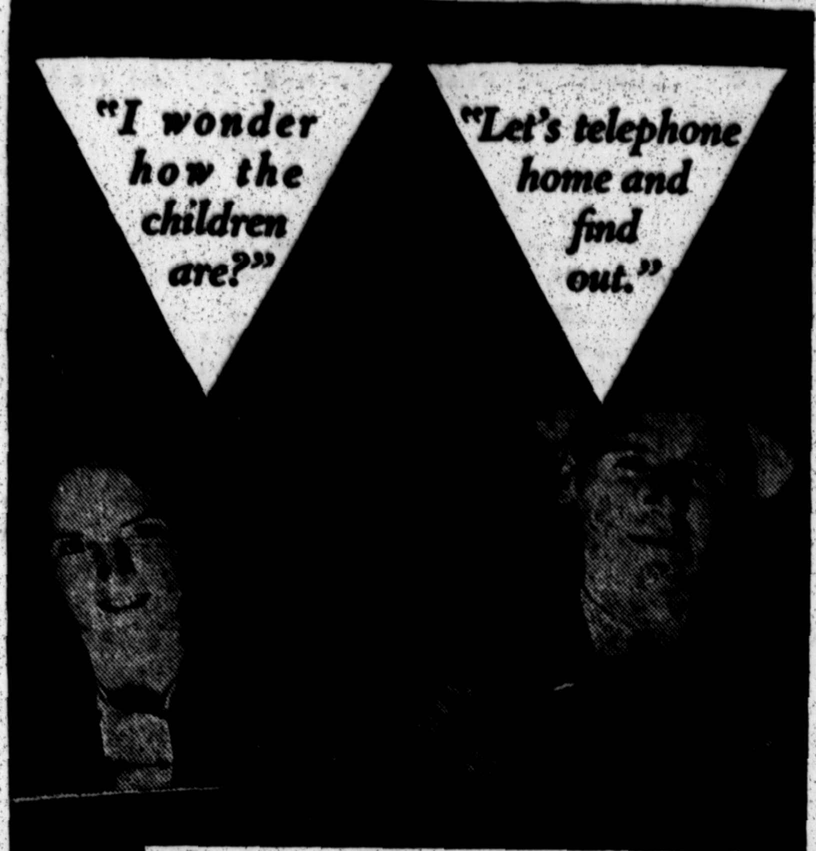
CHARMAK & CHANDLER OPEN STORE IN CARMEL

An item crowded out in last week's issue of Carmel Sun was the opening of Charmak and Chandler's new men's haberdashery on Ocean avenue.

The new store is located in the building occupied by the Cinderella shop before the fire, which was entirely remodeled and new shelving and fixtures put in.

The Carmel store is under the management of Gail L. Chandler, who is assisted by Don Lyons, a Carmel young man.

"We intend to carry dependable merchandise at reasonable prices," said Mr. Chandler in his store this week.



"I wonder how the children are?"
"Let's telephone home and find out."

IT'S SO EASY to keep in touch with home while away on that week-end outing! Call ahead, too—make sure of comfortable accommodations.

STONE TO LECTURE ON ENGLAND NEXT WEEK

George W. Stone, M. A., will give the first of a series of three lectures illustrated with many slides, at the Denny-Watrous gallery tonight (Thursday.) His subject is "To Galapagos we will Go."

The second lecture will be given next Thursday night June 14, on "The Charm of England," illstrated with slides of the cathedrals and the famous spots of beauty. Mr. Stone presents these with a freshness of viewpoint which wins his audiences. You either want to see England from the standpoint of his enthusiasm or you will wish to visit it again to recapture some of its charm.

Next Thursday's program should appeal to a great many Carmelites who were born in England.

SAN FRANCISCO GIRLS TAKE ROLES IN PLAYS

The Misses Betty Myers and Libertha Vivell, of San Francisco, will spend the summer in Carmel taking part as members of the Golden Bough Players in Edward Kuster's productions at Carmel Community Playhouse. Miss Georgia Wapple of Hollister, and Miss Barbara Collins, of Fresno will also be members of the summer colony, both being cast in the opening play on July Fourth weekend. Miss Wapple recently played with great success Van Volkenburg's role of the witch-mother in the Golden Bough prize production of Maurice Browne's, "The Mother of Gregory," at the Alcazar Theatre in San Francisco.

As long as it is pretty weather Miss Florence Terry of the Yellow Bowl doesn't think of her umbrella. But let it start to rain and then the search begins. It seems that every rainy spell Miss Terry has to buy a new umbrella for she just naturally leaves them where they are when the sun comes out. She is now seeking for her newest, a brown one with amber hook handle. Have you seen it?

NEW TALENT SOUGHT BY GOLDEN BOUGH PLAYERS

Edward Kuster, director of the Golden Bought players now in their eleventh year, announces that he is on the hunt for new acting material on the Peninsula, and that applications and suggestions may be sent to Mrs. M. V. B. MacAdam, who is acting as secretary to the Advisory Council at Box 8823, Carmel.

EDWINA PINKHAM YOUNG AT HIGHLANDS STUDIO

Following their wedding in San Jose, Charles Winston Young and his bride, the former Miss Edwina Pinkham, drove to Highlands studio where they are spending their honeymoon.

The wedding took place at 11 a. m., Friday, June 1, at the Trinity Episcopal church, the Rev. Mark Rifenbark officiating. Only immediate relatives of both bride and groom were present.

After the ceremony, the newly weds were entertained at 12 o'clock breakfast at the Lincoln hotel in Los Gatos by the bride's parents. On their arrival at Highlands they were dinner guests of Mrs. Millicent Sears.

The bride is well known here and is very popular with Carmel people. The groom is a son of Mr. and Mrs. Charles Edwin Young of Los Gatos, a graduate of U. C. and a member of Delta Tau Delta. He is a valued employe of the Standard Oil Company at Los Gatos, where they will make their home.

WOMEN'S LEAGUE PLANS INTERESTING PROGRAM

The coming luncheon meeting of the League of Women Voters promises to be of unusual interest. Impending legislative acts, and important measures to be presented at the November elections, will be discussed. Chairmen and members of study classes will report their finding on measures falling within their departments, while Mrs. Anne Fisher will give a resume of National Legislation enacted since the League's opening meeting of last September.

The program, to be directed by the president, Mrs. Hester Schoeninger, will be held June 13 at 12 o'clock noon in the San Carlos Hotel, Monterey. Reservations must be made at the hotel, or through Mrs. Vera Millis, Carmel.

In view of the significance of the matters to be discussed, a general attendance of members and all interested in better government is expected.

COMMUNITY GUILD IS PLANNING FOR PROGRAM

On June 13 the Woman's Guild of the Community church will enjoy a program which will be in charge of June Delight. Mrs. Canoles will have her pupils dance and she herself will give a number. Mrs. Dorsett will accompany them at the piano.

Mr. and Mrs. Van Laer arrived this week from Los Angeles to make their home in Carmel. They have taken the Edward Nielson house on San Carlos.

Mrs. Jack Canoles (June Delight) with her two younger children has gone to San Francisco to spend the week with friends. Carol, eldest daughter, is staying with her grandmother, Mrs. Carol Edwards.

YOU'D BE SURPRISED SAYS POSTMISTRESS

There are in the post office at the present time several cases of duplication of names and employes who have worked in the post office for some years tell me that during all vacation periods the number of such duplications greatly increases.

For instance: Take the case of Elizabeth K. Barry, (surname not the real one.) Miss Barry came to ask me why part of her mail though addressed to General Delivery was being put in the box of Elizabeth Barry. I looked in local instructions for the answer to her query as to why mail having no box number should be delivered to a box, even though boxholder had the same name.

I read: "When any mail comes addressed to general delivery Carmel, the fact that there is a boxholder of the same or similar name must not prevent distributor from investigating carefully if there is such a general delivery patron.

"If addressed simply Carmel, Calif., general delivery list must be investigated."

I noted some hesitancy and lack of enthusiasm on the part of some of the distributors when initialing the regulation and was puzzled as to the cause.

Did I learn the cause. I did.

The following morning an hour after all mail should have been distributed, one of the distributors courteously suggested that I pay a visit of inspection to the general delivery department. There I found Mr. Wood patiently and valiantly wallowing in an avalanche of mail. Mostly boxholders' mail incompletely addressed, in other words, lacking the box number.

I had not realized that most of the Carmel mail comes incompletely addressed and has depended for correct distribution mostly upon the accuracy of the memory of the distributors.

Consider the situation should there be a change in the personnel of the distributors. Even though some old-time Carmelite should come into the office, he would not know the box numbers!

Friends, you wish prompt and accurate service. I sincerely wish you to receive it!

May I respectfully urge that you cooperate by ascertaining and using box numbers on all locally addressed mail, and by informing your correspondents of yours.

This co-operation toward accurate and efficient service will be greatly appreciated by,

Yours cordially,
IRENE CATOR

MRS. KOCHER SUES CLINIC FOR $76,000

In a "friendly" suit, Mrs. Betty Kocher of this city brought suit against the Grace Deere Velie Metabolic clinic in Monterey county superior court for the sum of $76,000.

Mrs. Kocher claims she received severe burns due to a failure of X-Ray operators to insert the necessary filters to protect her from the rays of the machine.

Clinic directors say they are protected by the Hartford Accident and Indemnity company who will handle the case.

Also named as defendants are Dr. Edwin F. Kehr and the head of the X-Ray department, Chas. Marsden.

Arthur Ebert of San Francisco was a guest last week at the home of Mrs. Clara French Kennedy at Green Gate cottage.

CHOOSE THE TIRE CHAMPIONS BUY

Firestone

Tires have been on the winning cars in the gruelling Indianapolis 500-Mile Race

FOR 15 CONSECUTIVE YEARS

EVERY winner in the 500-Mile Indianapolis Race — the most gruelling tire test in the world— drove to victory on Firestone High Speed Tires.

Race drivers know that heat generated by friction inside the cotton cords is the greatest enemy of tire life. These men will not risk their lives on any but Firestone Tires, because they know the high stretch cords in every Firestone Tire are protected by the Firestone patented process of Gum-Dipping.

Gum-Dipping soaks the high stretch cords in liquid rubber and saturates and coats the millions of fibers inside the cords, counteracting destructive friction and heat. It provides greater adhesion between the plies of the tire, and between the Gum-Dipped cord body and the tread.

Firestone chemists and engineers kept pace with new car developments by building stronger, safer tires to meet the exacting demands. Drive in today and equip your car with new Firestone High Speed Tires for 1934, with deeper, thicker, flatter, and wider non-skid tread, more and tougher rubber, more traction, giving you more than 50% longer non-skid mileage.

Remember, in Firestone High Speed Tires there is Greater Strength — Greater Safety — and Greater Blowout Protection than in any tire made.

THE NEW Firestone HIGH SPEED TIRE FOR 1934
SIZE PRICE
4.50-20 $7.85
4.75-19 8.65
5.50-17 12.30
6.00-17 H.D. 15.10
6.00-20 H.D. 16.40
6.50-17 H.D. 17.50

Performance Records

FIRESTONE HIGH SPEED TIRES

—for fifteen consecutive years have been on the winning cars in the 500-mile Indianapolis Race.

This Means Blowout Protection

—for seven consecutive years have been on the winning cars in the daring Pikes Peak climb where a slip meant death.

This Means Non-Skid Safety and Traction

—for three consecutive years have been on the 131 buses of the Washington (D. C.) Railway and Electric Company covering 11,357,810 bus miles without one minute's delay due to tire trouble.

This Means Dependability and Economy

—were on the Neiman Motors' Ford V-8 Truck that made a new coast-to-coast record of 67 hours, 45 minutes, 30 seconds actual running time.

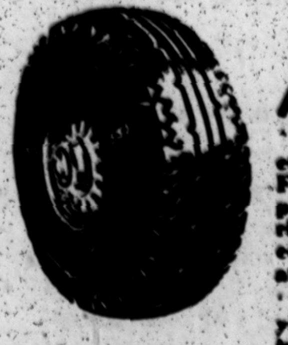
This Means Endurance

THE ADHESION TEST

Note how the rubber in a Firestone Tire clings to the high stretch Gum-Dipped cords. This greater adhesion and strength is made possible by the Firestone patented process of Gum-Dipping.

Note how the rubber in an ordinary tire pulls away from the cords that have not been soaked and insulated with rubber. This causes friction and heat within the cords, resulting in separation.

COME IN AND MAKE THIS TEST FOR YOURSELF



THE NEW **Firestone** AIR BALLOON FOR 1934

The new Firestone Air Balloon for 1934 embodies all the improvements in the new Firestone High Speed Tire. The lower air pressure provides maximum traction and riding comfort. Gum-Dipping safety-locks the cords, providing 30 to 40% greater deflection and blowout protection.

Get 1935 low swung style by equipping your car today with these new tires and wheels in colors to match your car.

Listen to the Voice of Firestone every Monday Night over N.B.C.—WEAF Network

She deserves it!

Her rest... and the convenience the Electric Range and Water Heater bring daily into her kitchen!

WHAT a real helpmate the modern electric range is to a busy housewife. The automatic time and temperature controls take charge of every cooking operation from roasts to broiled meats, from cake to bread baking. There is an end once and for all to watching, waiting, testing, basting and searing while the cooking is going on electrically. Hours each day are saved of hot and tiring kitchen work—a thousand hours and more each year.

Your home can afford electric cookery now. Why not enjoy it? Prices of the very finest electric range models have never been lower than today. And these fine electric ranges can be purchased on the easy payment plan.

At the same time for real economy a storage type electric water heater should be installed. You will be surprised to find out how little it will cost you to have the handy service of a never-failing and constant supply of hot water on tap at all times.

Come in and inspect the new low priced electric ranges and water heaters now on display. Or a phone call will bring a representative to your home with complete information.

COUNSELLOR AT LAW MAY BE NEXT PRODUCTION

Unless permission is granted for the production of a certain late comedy not yet released to non-professional groups, the first of the Golden Bough summer productions at Carmel Community playhouse will be Elmer Rice's well-known "Counsellor-at- Law," Paul Muni in New York and Otto Kruger on this Coast have made this whirlwind story of the ups and downs of a big-city lawyer a household familiarity wherever the theatre is known and talked about. Of the twenty male and ten female characters in the play hardly a dozen have been definitely selected for the local production. Director Kuster states that he is especially anxious to work with a substantial proportion of new material this year and will welcome newcomers, both experienced and inexperienced.

VOTERS ATTENTION

The next primary election is to be held August 28th.

One of the prime functions of our organization is to urge citizens to register and vote. In order that no citizen may come to the polls and find himself unable to cast his vote. The Monterey Peninsula League of Women Voters calls to your attention the following facts:

1. Any qualified citizen who has been in the state one year preceding the day of election, in the county 90 days and in the precinct 40 days is entitled to register.

2. Anyone becoming a naturalized citizen by June 1st is eligible to register and vote at the August primary.

3. If any citizen has previously registered, he need not register unless:

a. He has moved from the precinct in which he was registered.

b. He did not vote at either the primary or general elections last held. (If in doubt, re-register.)

c. If he wishes to change his party affiliations.

Registration closes July 21st. Do not delay until it is too late.

Places of registration: Staniford's Drug Store, Triangle Realty Company.

Absentee Voters

We also wish to remind teachers and others who may be away from their home precincts at the time of the August primary of the following rules for absentee voting. Please clip them for future use.

Not earlier than August 8th nor later than August 23rd the absent voter must have a letter in the office of the County Registrar of Voters, asking for an absentee ballot. The letter should be signed exactly as the voter is registered and the home address given in the letter.

When the absentee ballot is recevived, the voter must go before the registrar, county clerk or a notary where he or she is temporarily residing and stamp and seal his ballot under the scrutiny of the officer.

'In order to be valid, the absentee ballot must be received by the Registrar or county clerk of the voter's home county not later than September 4th, 1934.

League of Women Voters

Recon: Salinas Title Guar. Co. to Ray C. DeYoe, et ux, June 2, lot 5, blk 76 Carmel-by-the-Sea.

P G & E SERVICE LIGHTENS WOMENS WORK

The number of homes in which daily routine makes slaves of women is decreasing rapidly, thanks to modern science. Whereas not so many years ago the housewife rising in her bed in the morning called upon all her resources of physical energy to enable her to get through her various duties, today she approaches them with a light heart and performs them with the greatest of ease. To ease may be added efficiency and economy.

The rapidly spreading use of electricity in the home is responsible for the altered conditions. The magic of the electric current summoned at the pressure of a button, can make housework a pleasure. Electricity is both a public and a private servant. It is available at any hour of the day or night and it would be difficult to name a domestic task in the performance of which it cannot be called upon to assist.

Take cooking for instance. The electric range is not only good to look at but is a joy to operate. It is all so simple, so efficient. It is a profitable investment from the standpoint of health as well as convenience. Excessive heat and humidity, devitalized air, are avoided in its use. No heat escapes. There is no flame, so the air remains as pure as nature made it. Foods are cooked with little or no water, and this means that they retain all their material goodness, their appetizing flavors, their health-giving minerals and vitamins.

Already more than a million and a quarter American women know the joy of cooking electrically, and the number is mounting steadily day by day.

A large crowd enjoyed the d..y at Robles del Rio Sunday among whom were Mrs. C. F. Kennedy with her house guests, her daughter and son-in-law of San Francisco, Mrs. Jean Bartholomew, E. H. Ewig and two sons, and Mr. and Mrs. George Seideneck.

CHRISTIAN SCIENCE CHURCHES

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientists, in Boston, Mass., a Lesson-Sermon will be read Sunday, June 10 on the subject, "God the Only Cause and Creator."

The Golden Text will be: "Blessed be the Lord God, the God of Israel who only doeth wondrous things," (Psalms 72:18.) Bible selections will include the following passage from the Gospel of John 1:1, 3, "In the beginning was the Word, and the Word was with God, and the Word was God. All things were made by him; and without him was not any thing made that was made."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included which reads as follows: "The creative Principle Life, Truth and Love is God. The universe reflects God. There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God." (p. 502.)

OPEN MEETING

There will be an open meeting of the school board nexa Tuesday evening at 7:45 at Sunset school. The budget will be discussed. The board welcomes visitors and hopes as many will come as ca npossibly do.

PLAQUE ON DISPLAY IN YARN SHOP WINDOW

The handsome plaque won by Edward Kuster's Golden Bough Players in the recent tournament of the Northern California Drama Association in San Francisco is on display in the window of the Yarn Shop on Dolores street, opposite the post-office. The plaque is an annual challenge trophy, to be put up and won each year for the best production by a non-professional group of an unpublished play. Forty-five distinct groups participated in the tournament this spring.

CARL H. ABBOTT SEEKS RE-ELECTION AS SHERIFF

Sheriff Carl H. Abbott who has figured prominently in the apprehension of criminals in Monterey and other Counties during his past eight years in office today announced his candidacy for reelection subject to the will of the voters of Monterey county.

Abbott was born and raised in Monterey county and numbers his friends by the thousands. His name is closely identified with the pioneering of this County. Sheriff Abbott is not only known in this county but as an active member of the Sheriff's, Fingerprinters, National Sheriff's and National Peace Officers associations and is president of the Central Coast Counties Peace Officers' association.

Sheriff Abbott has gained the esteem and respect of hundreds of peace officers throughout this and other Western States. Although raised in Southern Monterey county, Sheriff Abbott has received his education in local schools and during his earlier life was a farmer in the southern district of the county. After successfully passing a Civil Service examination, Sheriff Abbott was appointed a forest ranger in the United States Forest Service where his duties were similar to those of a sheriff having to do with the enforcement of the Federal laws and regulations governing the National Forests. He served in this capacity for 12 years then as City Marshal and Tax Collector of King City leaving this position to become deputy in the sheriff's office and in the November election of 1926 was elected sheriff of this county. Abbott as returned to the office again in the 1930 election.

In the conduct of his office Sheriff Abbott has been most considerate to those who come in contact with him in his criminal or civil capacity, lending a helping hand to those in trouble or advising those seeking advice and information that has to do with the duties of the Sheriff or his deputies. Abbott is a kindly and considerate man but fearless in the performance of his duties. He has carried on the ever increasing work of his office which has more than doubled since 1926 by hard work and faithful service.

SCOUTS WILL STAGE SEPARATE CAMPAIGN

At a meeting of the Scout executive board Wednesday at noon, it was decided to withdraw from the Community Chest campaign and stage a separate campaign from the 10th to the 15th of September. $1500 has been set as the goal, this amount to enable the Scouts to take part in the local and national program and to take care of the upkeep of the Scout house. Bernard Rowntree will have charge of the campaign. The committee felt that with the heavy relief roll to be cared for, the Chest could not afford to return to Carmel Scouts a sufficient amount for their needs.

FOREST THEATRE MUSIC FOR SUNDAY CANCELLED

The Half-hour of music in the Forest Theatre next Sunday afternoon, June 10, which the Carmel Music Society was presenting, of music by the Orchestra, has been cancelled on account of the uncertainty of fair weather. The rehearsal, however, which was set for Friday evening, will be held as planned, and the Symphony which is to be played on the August program will go into rehearsal.

Little Linne Bardarson is improving and will be able to have the cast removed from his leg the last of the week. It will be remembered that his leg was broken when he ran in front of a car in Santa Barbara.

J. E. Steinbeck, Candidate for re-election to the office of County Treasurer.

TELEPHONE EMPLOYES AWARDED DUTY MEDALS

Credited with skill, courage and devotion in remaining at switchboards, test desks and repair jobs during the Southern California earthquake last year, thousands of men and women of two telephone companies have been voted group Vail plaques.

One group plaque was awarded by a national committee to employes of the Southern California Telephone company and two others to employees of the Associated Telephone company of Long Beach, it was announced yesterday by R. P. Sexton, local telephone manager.

Under the menace of swaying buildings, crashing windows, walls and debris, many telephone girls and men stuck to their posts continuously 24 to 48 hours and longer, refusing to leave. At least one remained on duty 75 hours. Despite mental strain during successive shocks and worry for home and loved ones, they put through local and long distance calls relieving anxiety throughout the world.

The impossibility of singling out individuals for personal medals required counting all the employees of each company as winners of the group plaques. This is the first time such a citation has been made in the history of the National Vail medals, which are a memorial to Theodore N. Vail, pioneer Bell System president and are given for noteworthy public service by telephone employees.

A local award committee, as distinguished from the national committee which voted the plaques, also conferred honorable mention upon Miss Edna Curry, San Francisco operator, and A. W. Porter, telephone installer of Tacoma, for emergency aid given in public accidents.

SUNSET SCHOOL NOTES

Miss Althea Kendall has been engaged to teach the fifth grade, taking the place of Mrs. Montmorency, who resigned.

Miss Blanche Heininger, a graduate of Santa Barbara teachers' college, will teach two periods of domestic science a week. This will be an innovation for Sunset.

Sunset teachers will spend their summer vacations as follows: Mrs. Kohner, near San Jose, Mrs. Trowbridge, Miss Ohm Mrs. Farley and Miss Baer in Carmel; Mrs. Lockwood, Clearlake Highlands; Mrs. Ninnemann Oakland and summer school at U. C.; Miss Curry, San Rafael; Miss Kendall, Los Angeles; Mr. Gail, San Francisco; Mrs. Johnson, San Jose; Mr. Calley will spend his vacation in the mountains in Oakland.

Miss Heninger and mother will go to points north and Oregon and Seattle. Principal and Mrs. O. W. Bardarson will remain for the summer in Carmel, but Mr. Bardarson will spend the last week of June at Stanford.

PLACE PLEASES BANKERS LIKED CARMEL ALSO

The whole peninsula and Carmel especially made such a hit with the bankers who recently met at Del Monte in convention that many letters have been received at the banks here inquiring as to property for sale and rent. Many of the guests expressed a desire to own a home here where they might spend all their vacation time.

A movement is said to have been started to designate the peninsula as the permanent convention headquarters.

CIVIL SERVICE EXAMS

The United States Civil Service Commission has announced open competitive examinations as follows:

Principal Agricultural Economist, Agricultural Economist, istAssistant Agricultural Economist. Senior Industrial Economist, Industrial Economist, Associate Industrial Economist, Assistant Industrial Economist, Bureau of Labor Statistics.

Supervisor of Boys' Activities, Indian Field Service.

Teacher in Community School, Indian Field Service.

Full information may obtained from F. J. Mylar a tthe postoffice.

LARGE GRADUATING CLASS FROM SUNSET

Other attractions in the city appeared to make no difference in the large crowd that gathered at Sunset Friday night to see the graduates receive their diplomas.

The boys, dressed in white sweaters and trousers, and the girls in their white costumes, made a very pleasant appearance.

Principal O. W. Bardarson made most complimentary remarks about the class, which were well deserved.

In the program Houston Hannon spoke on "Worthy Use of Leisure Time," advocating development of mind, body and character as the main thing.

Billy Wheeler next gave a talk on "Good Taste in Reading," and also showed how it could be used in character building.

Katherine Beaton spoke on a "Well Rounded Persnality," not forgetting to mention choosing the right friends and making good use of schooling.

In "Youth Views the Future," Raymond Brown reviewed the past, discussed the present and told what he hoped for the future.

It it to be noted that each speaker dwelt on the necessity of character building.

Dick Tevis, as student body president, gave a farewell to Sunset telling of how they would always love and cherish its memory and cling to the good they had received there.

Diplomas were presented by E. H. Ewig, chairman of the Sunset trustees. Good music interspersed the speeches and opened and closed the meeting. The verse choir selections were excellent and showed wonderful training.

FIRST OPEN REHEARSAL PENHA PIANO QUARTET

The first open rehearsal of the Penha Piano Quartet will be held on next Tuesday evening, June 12, in the Denny-Watrous Gallery, from eight to ten o'clock. Only subscribers and members of the summer season will be admitted for the ten cent fee. All others must pay twenty-five cents.

STEADY RAIN BRINGS END TO DROUGHT

Rain which fell throughout the week breaking the old saying that "it never rains after June 1," has given the ground a fairly good soaking, ending the drought.

Gardens have taken on new life and not much damage has been reported for small fruits, which it was feared might result.

The weather man promises fair weather from Friday on for a while.

SLEVINS MADE A TRIP AT TENTH OF FORMER COST

Thirty years ago, Mr. and Mrs. L. S. Slevin looked up the fare to Mount Hamilton because they wanted to visit the Lick Observatory. Last week-end they made the trip.

Had they gone in 1904, they would have traveled by rail to San Jose and from that point to the observatory by stage and transportation costs would have been $21.00. Last week they made the trip in their own car at a cost of $2.00 for gas and oil.

"We waited thirty years to go," said Mr. Slevin until the transportation charges were low, but the trip was a marvelous one."

CARMELO RANCHO STORE INCREASED IN SIZE

To care for their steadily growing business, Mr. and Mrs. Mathiot have enlarged their grocery store and filling staiton at Rancho Carmelo, fifteen miles up the valley.

The regular summer delicatessen department is now open and "Connie's" delicious pies, hams, salads and such are available. Conrad, the Mathiot's cook has been with them a good many years and has quite a reputation for his culinary ability.

RUSSELL SCOTT WILL OPPOSE McGRATH

City Attorney Russell Scott of Salinas is outlining his campaign for nomination as representative of the Eighth congressional district following the announcement of his candidacy here.

He will oppose Congressman J. J. McGrath of Mountain View the incumbent, for the nomination in the district which includes Monterey, San Benito, Santa Cruz, Santa Clara and San Mateo counties.

Presenting his platform for election, Scott believes that a larger proportion of the national relief for agriculture should be extended to western farmers; practical emergency measures should be retained; tariff laws and reciprocal trade agreements protecting American products and stimulating foreign markets are fostered, and adequate national defenses with sufficient California bases are endorsed.

Scott supports the Wagner-Connery disputes act, the budget-balancing plan of Roosevelt, and the retention of income-tax laws for governmental revenue, but disapproves of the enactment of laws tending to increase taxation as well as objecting to Asiatic immigration.

The candidate was a delegate to the Democratic national convention in 1932 when he supported the nomination of Roosevelt, and has been a Democrat throughout his life. Scott, who was former Monterey county district attorney, has served in many county positions such at NRA chairman, labor arbitrator and has been a member of both the county and state Democratic committees for years.

Thirteen tables were in play at the Mission Guild party Tuesday night. The next party at Serra Crespi will be given by the knights of Columbus June 23.

Mr. and Mrs. Willard Wheeler of Pebble Beach enjoyed a visit from Dr. and Mrs. William Palmer Lucas of San Francisco over the week-end.

MUSICAL ART CLUB ENJOYS FREE PROGRAM

Tuesday evening Fenton Foster and his singing men entertained the Musical Art Club most royally at the VanEss-McGowan home in the Country club. For seven years past this group has rehearsed regularly and presents ensemble work of excellent character to the joy of their friends and their own credit. Their work this year has been unusually well finished.

On the same program two distinguished visiting celebrities were heard as well. With two famous old English songs as her vehicle Mary Billings Green delighted the assemblage of music lovers. Her voice is a clear, light soprano, and her artistry of the must cultured type. Later, her husband, William Bradford Green, added his voice in a charming duet number, rendering a song which they sang at their wedding 31 years ago, this being their anniversary.

The Greens are guests at Highlands Studio of Mrs. Millicent Sears.

Refreshments and a social hour closed a very enjoyable evening.

Carmel Sun stated last week that beginning June first the Betsy Ann Home Food shop would begin serving breakfasts. The reporter was much humiliated to learn that they have been serving breakfasts regularly but intended to announce they would begin serving Sunday breakfasts which they had not done until that date.

H. L. Crossman and family have left for their ranch near Las Vegas, N. M., where they will spend the summer.

H. M. Brower of Gloversville, N. Y., is a guest at Highlands studio. This is Mr. Brower's fourth annual visit to the studio.

George Wood, who recently went to Vancouver barracks, is taking a course of instruction at Mt. Hood and later will be put in charge of [illegible] camp.

MRS. OLGA FISH BRINGS SUIT AGAINST HOSPITAL

Stating that she is and at all times has been the owner of the laboratory equipment in the Monterey Hospital, Mrs. Olga Fish, through her attorneys, has brought suit for its return.

Mrs. Fish placed the equipment in the hospital, it is said through the Wyborg foundation which she established several years ago in memory of her father.

She stated in her complaint the equipment have been refused.

Miss Jessie Wishart of San Francisco visited over the week-end at the home of her brother, George Wishart, of Dolores bakery.

The George Maddock place in Carmel Valley will be occupied this summer by Mrs. M. M. Gragg and her daughter, Mrs. Julia Breinig with her sons, Peter and James, all of Monterey.

ROBLEY LEAVES SERVICES OF WATER COMPANY

F. G. Robley, who had been in charge of the local office of the Monterey County Water Works, has gone to Monterey to be associated with his brother in Robley Motor company, and his place here has been taken by Archie B. Fleming. Mr. Fleming is no stranger here, having maintained an office in Triangle Realty company building last year. He is a civil engineer and later will set up his office in connection with his duties for the water company.
